### **Requesting Your Field Trip Ideas. What do you want to see from the insiders view?**

The most effective and welcome Adult Learning incorporates movement, visual and auditory stimulus, fresh surroundings, and information delivered in practical and useful ways. Field Trips are becoming one of the most popular forms of gathering our Professional Development team organizes and offers to our membership and community.

Our kids do it, so can Adult Learners! SO - where do you most want to go? What do you most want to see? Help us build out a list of highly desired Field Trips to explore producing and offering to our financial planning community.
